COLD DAY AT THE TRACK,
BUT SOME RED HOT HEATS ALL THE SAME,

With an Increased Attendance at Track and Pavilion.

The most interesting and complete exhibit at the Pavilion is the one made by the Agricultural Experiment Station under the charge of R. H. McDonald.

He has at least 100 varieties of grain and grasses grown in Nevada, representing them in all their stages.

The grains are in the head, tastefully arranged, and also thrashed and winnowed and there is enough "nutriment" in this exhibit to keep one studying all the afternoon.

Of wheat he has 14 varieties, oats 7, barley 7, with buckwheat, flint, brown corn, longhorn millet, flax and hemp, also a variety in the way of "vegetable peaches." Sugar beets are exhibited which will make over 300 pounds of sugar to the ton.

Mr. McDonald says that many of the farmers have aimed to produce big beets. Size is a drawback. For instance, a two pound beet will produce say 14 per cent of sugar, while large varieties only produce about 8 per cent, and the extra material handled is a loss.

Mr. McDonald has shown the immense capacities of Nevada soil in a scientific and practical way, and made the finest showing ever seen in this State.

A CORNER NEAR L. H. BELL'S DISPLAY.

Leslie Bell makes an exhibit of groceries, liquors and teas, which makes everybody pause to see.

E. B. Bell comes to the front with his usually tastefully arranged hardware exhibit.

Abe Cohn has transferred an acre of suits and gentlemen's furnishing goods to the Pavilion.

Hofer Bros. have a very neatly arranged display of ladies' dress goods, and Miss Lehman makes a beautiful millinery exhibit.

A. E. Harris makes a display of toilet articles, perfume, etc., and Geo. Thaxter has a large drug display and an interesting exhibit showing how cardamon is made by percolation.

CARSON AND VIRGINIA.

Mrs. Knowles had a very pretty display of dyed feathers, her own work, which was much admired by the ladies.

There was an extraordinary display of needle work. Mrs. Robert Clarke as usual heading the procession with a very large exhibit.

The art exhibit, it is safe to say, was never so good as this year.

Those who a few years ago exhibited some very crude work have made great strides and are doing really creditable work, worth exhibiting anywhere.

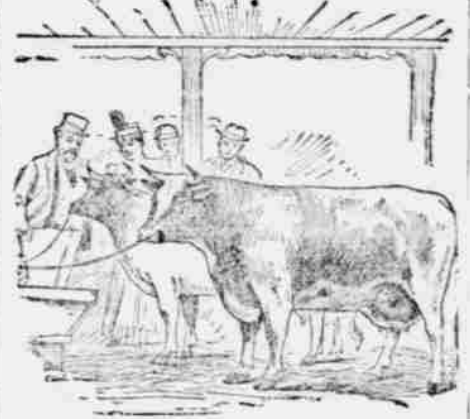

The pictures have taken a wider range than usual and there is lots of healthy art on the walls.

The showing of actually bad pictures is less than ever seen here.

AT THE TRACK

Cloudy, fitful weather hindered itself all the afternoon and occasionally a few flakes of snow fell. Overcoats were popular.

The first race, a three-fourths dash, was hard to start, Ragna fumbled at the start and did considerable monkeying. When the flag was dropped the four kept well together until the stretch was reached when Ragna took the pace and made a clean spurt to the wire running in 1:16 1/4, Idaho Chief second and Joe third.

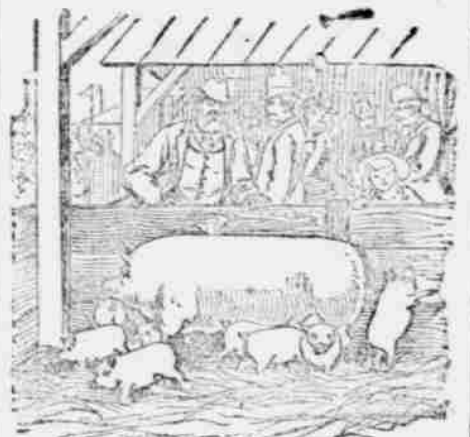

A PAIR OF HOLSTEINS.

In the one mile dash, the second race, Del Mar sold favorite in the pools. He took the lead from the jump and the other three stringing out along the back stretch, the favorite some distance in advance. These positions were about the same when they passed the judges stand, Del Mar winning in 1:46, Stacy second and Idaho Chief third.

The third race was for \$200, 11-16 of a mile, and was by all odds the best race of the season. There was ten to one more in the pool box than any other day this week. The start was long, there being six starters. Wild Oats, Vinco, Billy McGuire, Night Time, Hyran E. and Kilgarriff.

Wild Oats struck out slightly in advance but the others managed to creep up to his heels at the turn. When the stretch was before him all the energy in his sup-

SWEENEY'S FOLK.

whips vigorously and the three horses passed the grand stand almost neck and neck, with Wild Oats about half a neck in the lead. The shouting was terrific when the limbs were working but Vinco and Kilgarriff were right along side. The Jockeys pined their the Judge gave him the race, many people supposing it to be a dead heat. Time 1:11 1/4.

The fourth race, a trot, best three in five, is not yet finished. Box, Flora Belle, Esmeralda and Anteo were entered.

Flora Belle took the first heat in 1:41 1/4.

The second heat was interesting. Box and Esmeralda pairing off at the back stretch and Anteo and Flora Belle doing likewise fifty yards behind. It looked like two separate races. Esmeralda took the lead at home stretch, trotting in 2:37.

In the third heat Box leads all way round with Esmeralda second. Anteo broke several times and went all to pieces. Box trots in 2:41.

The Judge fined Hines and Snyder \$5 apiece for yelling at their horses.

The proceedings were interrupted here by a bogus fight.

Fourth heat, Box took lead, Esmeralda close up but Box wins the heat in 1:41 1/4.

Judge Chamberlain here fined Mr. Hines ten dollars for more hollering. Mr. Hines stating that he had not spoken above an ordinary tone of voice to his horse, but the judge held his fine good and notified him that the limit would be reached on the next break. The races were brought to a close for the day to be continued at 10 A.M. today.

Good Enough.

Yesterday, when Hines and Snyder were fined for yelling on the track when driving, the crowd shouted in approval.

It is a good thing to fine these loud-lunged drivers.

The practice of yelling like a wild Comanche during a heat is not relished by the spectators, and it is generally regarded as a play to disconcert the rival horse.

The APPEAL hopes the judges will continue to seek on the fines until drivers realize that the Carson track is no place for such foolishness.

Left on the Platform.

There was some mistake about the train at Empire last evening. The regular train did not take the crowd on the platform because a special was expected from Virginia. The special did not come, and so a crowd of Empire people were left on the platform instead of tipping the guy fantastic at the Opera House. It was a very unfortunate mistake.

It turns out that the Empire people expected the train to bring them back the same night, which the conductor could not guarantee. A crowd accordingly came up in private conveyances. Every wheeled vehicle in town was taken.

A Sad Death.

It was a great shock to the many friends of Mrs. Smith, nee Hawthorne, in this city, to hear of her sudden death in San Francisco. She died on Monday in confinement. She had scarcely been married a year and was born and raised in this city. Scores of her schoolmates remembered her gentle ways and dropped a tear to her memory.

The Agricultural Bait.

The ball at the Opera House last night was a perfect jam. This is where the fun came in and it was fast and furious. The music was good and the supper something superb. The ladies went in to give everybody a good time and plenty to eat and they succeeded at both ends of the line.

The Chloride Belt says: A gentleman who was recently in Big Pine, Inyo county, Cal. says that in many instances apples, peaches, etc., will not be gathered from the trees. The supply exceeds the demand at 2 1/2 cents per pound, and the natives refuse to sell at a less figure.

Bill Nye at the Arlington is at home when a crowd hits the bar.

Mrs. Truman and Mrs. Cheney of Elko are guests of Mrs. Vanderleith.

A. Cohn of the Emporium gives a useful souvenir to every visitor at the Pavilion.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely in your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
